At KCLC, learning is always fun and children develop confidence in their skills through the support of their family, teachers and friends.

Self-directed learners who are ready to learn and maximize their potential

Geared towards social transformation and concern for environment

Providing the best progressive education in the community for 14 years

Our Curriculum

At Kindergarten Camp (KCLC), the curriculum is based on a progressive approach focusing on content based instruction and interactive and integrative methods that are developmentally appropriate for children. It also adopts integrated thematic teaching and infuses the theory of multiple intelligences by Dr. Howard Gardner inside the classrooms, to discover each child's learning style and [...]

ANNOUNCEMENT: ONLINE ENROLLMENT NOW AVAILABLE

Genuine Love for Reading

KCLC is well-known for its Beginning Reading Program. As early as the toddler level, children are introduced to the fundamentals of Reading. KCLC aims to send an important message to children that reading is fun, exciting and worthwhile. They are...

Readiness for Big School

KCLC graduates are primed for learning and success in grade school through a curriculum that fosters enhanced socio-emotional skills and independence. KCLC provides the perfect blend of fun and engaging activities as well as strong academic foundations in Reading and...

Confidence in Math

KCLC's approach to Numeracy emphasizes investigations in many different ways, building familiarity with numbers in playful multi-sensory situations carefully prepared by well-trained teachers and compatible with world-renowned math curriculum in Singapore and UK. The essence of KCLC's math approach is...
